IMPORTANT INFORMATION

Kogan Super (your plan) is a plan in the Retail Division of the Mercer Super Trust.

Your Mercer Super Trust 2022 Annual Report consists of three parts:

- **Part one** - Your Mercer Super Trust 2022 Annual Report - contains a general update on the Mercer Super Trust and tells you about the changes that have been made to the Mercer Super Trust during the year to 30 June 2022. These changes may have an impact on your super now and in the future so it's important that you carefully read the section entitled 'Changes to the Mercer Super Trust' in PART ONE of the Annual Report to see how this applies to you. You can access this report using the following link [here](#).
- **Part two** – The Investment Options Details booklet - contains information relating to the investment options available in the Corporate Superannuation Division and Allocated Pension Division. This includes investment performance, asset allocation, investment costs and transaction costs for these investment options for the year ended 30 June 2022.
- **Part three** – This 2022 Supplementary Annual Report - contains additional information specific to Kogan Super, including information on the available investment options, investment returns and performance, and investment costs and transaction costs for the year ended 30 June 2022. All parts should be read in conjunction and kept together for future reference. A reference to this Annual Report means parts one, two and three collectively unless the context requires otherwise.

Welcome to the 2022 Kogan Super Supplementary Annual Report

A MESSAGE FROM THE KOGAN TEAM

Your 2022 Kogan Super Supplementary Annual Report is issued by the Trustee, Mercer Superannuation (Australia) Limited (MSAL). The Kogan Super Team and the Trustee are partners in Kogan Super.

LOOKING AHEAD – A MESSAGE FROM THE TRUSTEE

We have and will remain steady in our commitment to care for your super, despite of the changes in the past year, such as the shifting political landscape.

We welcome the new Labor Government's commitment to the current program to increase the rate of Super Guarantee up to 12% by 2025 – resulting in better retirement outcomes for Australians. We thank you for the privilege of safeguarding your future and being a member of Kogan Super.

KOGAN SUPER KEY METRICS

Kogan Super Key Metrics

Membership numbers as at 30 June 2022	435
Plan assets as at 30 June 2022	\$4,589,816

^This figure is prepared on a cash basis. This means that it does not allow for any accruals such as outstanding contributions or benefits due as at 30 June 2022.

POLICY COMMITTEE

A policy committee is a body that provides feedback to the trustee and receives information concerning the operations of the plan on behalf of groups of employees of a standard employer- sponsor. A policy committee is made up of equal member-elected and employer-appointed representatives. There are currently no requirements for any policy committee to be formed.

CONSOLIDATING YOUR SUPER HAS NEVER BEEN SO EASY

We can help bring all your accounts together over the phone; with no paperwork, no hassle. Call our HelpLine on **1800 517 212** or, you can do it online at kogansuper.com.au/superannuation.

Investment objectives and strategy

Each investment option has a specific performance objective.

Our strategy generally is to select a long-term mix of investments to support investment objectives and we believe our investment options are reasonably likely to meet their objectives. However, there are no guarantees.

We may change the investment objective and strategy for each investment option to keep in line with the option's objective. The actual asset allocation may fall outside the stated ranges during material transactions or due to factors including extreme market conditions or asset transitions.

We monitor the performance of investment options against their objectives and perform an annual investment health check to help us assess whether we need to make any changes.

We will provide information about any significant changes to the features of our investment options. We use formal quarterly analysis to monitor the performance of investment options against their objectives and to help us assess whether we need to make any changes.

Investing Kogan super's assets

The trustee invests Kogan Super's assets in:

- funds managed by Mercer Investments (Australia) Limited (MIAL) including but not limited to the Mercer Mercer Funds (MMFs) or the Mercer Investment Funds (MIFs), which in turn have investments with underlying investment managers. The assets may also be invested in:
- funds or investment vehicles managed by other Mercer related entities,
- other funds managed by professional investment managers, and
- a range of investments such as securities, derivatives and cash managed via mandates held with professional investment managers.

MIAL is the responsible entity of the Mercer Funds and Mercer Investment Funds and appoints professional investment managers to manage the assets of the Mercer Funds and Mercer Investment Funds either directly or via external investment vehicles.

The investments for Kogan Super including the underlying investments of the Mercer Funds and Mercer Investment Funds are generally held by an external custodian.

Active ownership and investment stewardship

We also believe that principles of active ownership and investment stewardship are valuable in the investment process. For that reason, we have incorporated principles of active ownership and investment stewardship throughout our investment decision making and ownership practices as documented in the trustee's policies. For more information navigate to the Trustee Policies and remuneration section on the Key Documents page or call our HelpLine on **1800 517 212**.

Use of derivatives

Derivatives, such as futures or options, are investment products where the value is derived from one or more underlying assets. The value of a share option, for example, is linked to the value of the underlying share.

Derivatives may be used to assist in the efficient management of the portfolios (e.g. to quickly and effectively adjust asset class exposures and for rebalancing purposes) and to manage risk (e.g. for currency hedging). Losses from derivatives can occur (e.g. due to market movements).

Derivative risk is managed in adherence to the Derivatives Policy for the Mercer Funds.

The derivatives charge ratio

The derivatives charge ratio is the percentage of the total market value of the assets of the Mercer Super Trust (other than cash) that the trustee has charged as security for derivatives investments made by the trustee. Based on information provided by the custodian and investment managers, the trustee is unaware of any period in the year when the derivatives charge ratio exceeded 5.00%.

Your investment options in detail

You can choose from a range of investment options in Kogan Super which have different investment styles and asset classes. The mix of investment options available is specific to Kogan Super, and whether you prefer to leave the hard work to us or if you prefer to have some control over your investments, we have you covered.

You can create your own investment mix by choosing a combination of investment options, giving you the option to get more involved with how your super is invested.

Refer to the **Kogan Super Product Guide** for further details or contact our Helpline on **1800 517 212**.

KOGAN INVESTMENT OPTIONS

Alternative Assets	0.0%	0.0%
Growth Fixed Interest	0.0%	0.0%
Defensive Fixed Interest & Cash	-4.2%	1.53%

How investment returns are calculated

Single year and compound returns are calculated assuming that \$1.00 is invested at the start of the relevant period and that no further amounts are invested over the period.

Returns are based on exit prices and allow for the deduction of tax and investment fees including indirect costs (but not administration fees or other fees).

Compound returns are calculated as the average of annual returns.

How we calculate investment earnings

Super contributions and rollovers made to Kogan Super purchase units in each investment option. Unit prices are generally calculated daily (except weekends and Melbourne public holidays) and fluctuate according to the investment performance of the individual investment options.

The number of units that your investment can purchase depends on the unit price at the relevant time. For example, if you contributed \$1,000 and the unit price was \$2.00 at that time, then 500 units would be purchased.

Units are also redeemed when the fund needs to make super payouts or pay fees, taxes and other expenses.

The value of your payout at any time is the number of units you have, multiplied by their exit price at that time. Your latest customer statement shows you how many units you have, the exit price and their value.

Allocation of investment earnings

The net investment earnings of Kogan Super investment options are allocated to customers through changes in the unit price of the investment options.

You should carefully consider the risks of each of the options before making any investment decisions. You should be aware that investment returns can be volatile and the value of your investments may increase or decrease. You should not rely on past performance as an indicator of the future performance of any of the investment options.

You can obtain up to date returns for your plan's investment options at kogansuper.com.au/superannuation or by calling our Helpline on **1800 517 212**.

We recommend that you speak to a licensed, or appropriately authorised, financial adviser before making any decision about your super.

INVESTMENT PERFORMANCE

		1 year return to 30 June 2022 %	5 year return per annum	10 year return per annum
Indexed Australian Shares	Cash	0.12	N/A	N/A
	Indexed Diversified Shares	-5.73	N/A	N/A
	Indexed Australian Shares	N/A	N/A	N/A
	Indexed Overseas Shares	N/A	N/A	N/A
	Indexed Australian Listed Property	-10.42%	N/A	N/A
	Enhanced Indexed Growth	-6.16%	N/A	N/A
	Enhanced Indexed Conservative Growth	-5.24%	N/A	N/A

N/A indicates that the investment option was not operating for the full period.

The investment returns shown in this Supplementary Annual Report do not take into account the unique characteristics that apply to each customer (such as timing of cashflows). As a result, the actual returns applying to a particular customer may vary from the investment returns shown.

Past performance should not be relied upon as an indicator of future performance.

The performance information contained in this report is up to date at the time of its preparation. You can obtain updated investment performance information at kogansuper.com.au/superannuation and going to the Performance section, or by calling our Helpline. We can send you a copy of the updated information, free of charge, on request.

INVESTMENT MANAGERS

Investment managers as at 30 June 2022

LARGEST SHARE HOLDINGS

The tables below show the top ten Australian and International shares held by Kogan Indexed Diversified Shares investment option only as at 30 June 2022 within the Australian shares and International shares asset classes across all investment options. For example, CSL Ltd represents 3.18% of the total Australian shares component of all the Kogan Super investment options.

TOP 10 AUSTRALIAN SHARE HOLDINGS

Company	Holding %
BHP Group Limited	5.13%
Commonwealth Bank of Australia	3.78%
CSL Limited	3.18%
National Australia Bank Limited	2.21%
Westpac Banking Corporation	1.68%
Australia and New Zealand Banking Group Limited	1.56%
Woodside Energy Group Limited	1.47%
Macquarie Group Limited	1.46%
Wesfarmers Limited	1.17%
Telstra Corporation Limited	1.09%

TOP 10 INTERNATIONAL SHARE HOLDINGS

Company	Holding %
Apple Inc.	2.39%
Microsoft Corp	1.96%
Alphabet Inc.	1.37%
Amazon.Com Inc.	1.04%
Tesla Inc.	0.63%
UnitedHealth Group Inc.	0.52%
Johnson & Johnson	0.50%
NVIDIA Corporation	0.41%
Meta Platform Inc.	0.40%
Exxon Mobil Corp	0.39%

As at 30 June 2022 there was no investment (including a combination of investments through a single or group of associated enterprises) that has a combined value of more than 5% of the total assets of the Mercer Super Trust.

INVESTMENT COSTS AND TRANSACTION COSTS

Details of the investment costs and transaction costs are set out in the PDS and/or other customer materials (as applicable) for your plan.

Investment Costs and Transaction Costs

The investment costs and transaction costs for the year ending 30 June 2022 are set out below.

Investment option	Investment Costs (% per annum)	Transaction Costs (% per annum of super account balance)
Choice Investment Options	Cash	0.02
	Indexed Australian Listed Property	0.08
	Indexed Diversified Shares	0.04
	Enhanced Indexed Conservative Growth	0.06
	Enhanced Indexed Growth	0.05

Each investment option has associated investment costs that are incurred by the underlying investment vehicles into which the trustee invests. Investment costs may include but are not limited to: performance fees, investment fees for certain asset classes, namely investments in direct/unlisted real assets, such as property and infrastructure, any expenses charged by the underlying investment vehicles or manager of those vehicles and over-the-counter derivative costs.

Transaction costs are the costs associated with trading to manage the investment strategy for each investment option.

Transaction costs include: brokerage, settlement costs (including custody costs), clearing costs, stamp duty on an investment transaction, and buy-sell spreads less any costs recouped by the underlying investment vehicles.
